

## External Battery Pack for Tripp Lite SVX Series 3-Phase UPS Systems - Batteries Not Included

MODEL NUMBER: **BP480V370NB**

House user-supplied batteries to extend runtime of a Tripp Lite SVX series UPS.

### Features

**Add Batteries to Empty Cabinet to Extend the Runtime of SVX Series UPS Systems** Tripp Lite's BP480V370NB consists of an empty battery cabinet that requires 40 user-supplied 12V 100Ah sealed lead acid batteries (CSB model GPL 121000 or equal). When populated with user-supplied batteries, this external backup battery pack extends runtime for SVX series UPS systems. Up to three external battery pack cabinets may be connected in parallel to increase runtime.

**Enjoy Compatibility with SVX Series UPS Systems** The BP480V370NB external UPS battery pack uses a +/- 240VDC configuration and must be hardwired to a compatible UPS. Circuit breakers provide overcurrent protection. The BP480V370NB is compatible with Tripp Lite UPS models that begin with SVX30, SVX60, SVX90, SVX120, SVX150, SVX180 and SVX210.

**Maintain a Uniform Look in Network Environments** Made of powder-coated steel, the battery cabinet is designed to match the SVX series UPS systems to keep a consistent look in your server room or data center. The cabinet door is lockable to control access to batteries. The top of the cabinet has knockouts for user-supplied power output cables. Front and rear vents allow the free flow of warm air out of the cabinet.

**Comply with TAA Requirements** The BP480V370NB complies with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases.

**One-Year Warranty** The BP480V370NB is backed by a one-year limited warranty, ensuring reliability and performance.

### Highlights

- Extends runtime of Tripp Lite SVX series UPS systems using a +/- 240VDC configuration
- Requires 40 user-supplied 12V 100Ah sealed lead acid batteries
- Requires hardwire installation; circuit breakers provide overcurrent protection
- Up to 3 battery pack cabinets may be connected in parallel to increase runtime
- Complies with Federal Trade Agreements Act (TAA) for GSA Schedules

### Applications

- House external battery backup pack for an SVX series 3-phase UPS system
- Provide extended battery runtime for an SVX series 3-phase UPS system

### System Requirements

- Compatible Tripp Lite SVX Series UPS System
- 40 user-supplied 12V 100Ah sealed lead acid batteries (CSB model GPL 121000 or equal)

### Package Includes

- BP480V370NB External Battery Pack (No Batteries)
- Owner's manual

## Specifications

<b>OVERVIEW</b>	
UPC Code	037332225269
<b>INPUT</b>	
Input Phase	3-Phase
<b>BATTERY</b>	
Expandable Battery Runtime	Multiple battery packs can be daisy-chained to the UPS for extended runtime
Expandable Runtime	Yes
DC System Voltage (VDC)	+/- 240VDC
UPS Connection	Hardwire (contractor supplies wiring - see Owner's Manual for requirements and installation information)
<b>PHYSICAL</b>	
External Battery Pack Form Factor	Tower
Material of Construction	Steel
Shipping Dimensions (hwd / in.)	80.31 x 28.74 x 48.00
Shipping Weight (kg)	319.78
Unit Dimensions (hwd / cm)	200,5 x 64,7 x 110,0
Unit Dimensions (hwd / in.)	78.94 x 25.47 x 43.3
Unit Weight (kg)	1,459.66
Unit Weight (lbs.)	3218
<b>WARRANTY</b>	
Product Warranty Period (Worldwide)	1-year limited warranty
