

Docking Station VESA-Compatible Mounting Plate

K33959WW

Product Description

If you're incorporating a Kensington Docking Station into your system, such as the SD3600, but you have limited desktop space, the Docking Station Mounting Plate is the ideal complement. It allows you to mount the dock on the back of your VESA-compatible monitor even if it's attached to a monitor arm. The mounting plate also has special slots that let you adjust the placement of the dock to your preferred location.

Features

- Trusted Kensington compatibility – Works with a growing list of Kensington's award-winning docking stations, including SD5550T, SD5200T, SD4900P, SD4800P, SD4700P, SD3650, SD3600, SD2400T and SD2000P.
- Compatible with monitors featuring either 75mm or 100mm VESA layout
- Adjustable during installation to place the dock at your desired height setting
