Redefining workflow productivity

Built for productivity, this 27-inch Full HD monitor delivers smooth 120Hz performance. Together with SoftBlue technology featuring a Low Blue Light panel, it's designed for comfortable, focused viewing throughout the working day.

Designed for the way you work

- Built-in stereo speakers for multimedia
- SmartErgoBase enables people-friendly ergonomic adjustments
- Less eye fatigue with Flicker-free technology
- Eyesafe certified blue light protection and colour accuracy
- Ultra Slim Bezel: for minimal edges and more screen
- SoftBlue Technology: for comfortable viewing
- Smart Link Sync: Matches primary display on second screen
- D-Mode: Optimised for subtle greyscale perception

Easy to experience

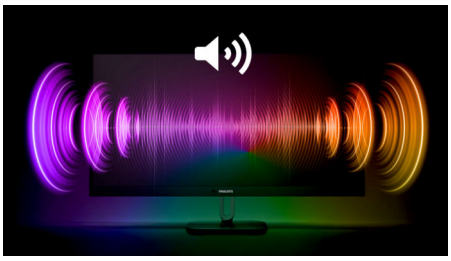

- HDMI ensures universal digital connectivity
- VESA mount for convenience

Superb Picture Quality

- IPS LED wide view technology for image and colour accuracy
- 16:9 Full HD display for crisp, detailed images
- 120Hz refresh rates for ultra-smooth visuals

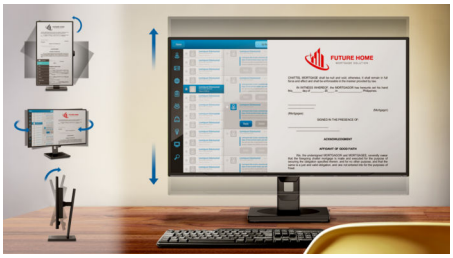

Highlights

Built-in stereo speakers

A pair of high-quality stereo speakers built into a display device. Depending on the model and design, they can be visible and front-firing, or concealed and down-firing, top-firing, rear-firing, etc.

SmartErgoBase

The SmartErgoBase is a monitor base that delivers ergonomic display comfort and provides cable management. The base can swivel, tilt and rotate to various angles to ensure maximum comfort. The height-adjustable stand guarantees the optimal viewing level, reducing the physical strain of a long working day, while cable management reduces cable clutter and keeps the workspace neat and professional.

Flicker-free technology

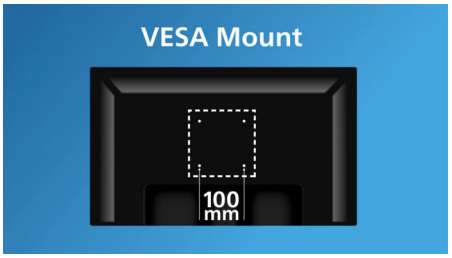

Due to the way brightness is controlled on LED-backlit screens, some users experience screen flicker, which causes eye fatigue. Philips Flicker-free Technology applies a new solution to regulate brightness and reduce flicker for more comfortable viewing.

HDMI Ready

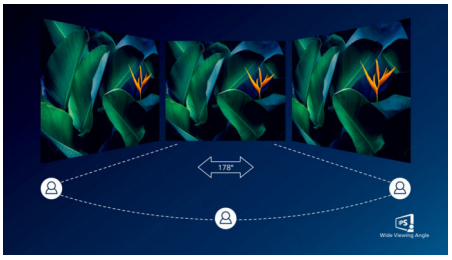

An HDMI-ready device has all the required hardware to accept High-Definition Multimedia Interface (HDMI) input. An HDMI cable enables high-quality digital video and audio to be transmitted over a single cable from a PC or any number of AV sources (including set-top boxes, DVD players, A/V receivers and video cameras).

VESA mount for convenience

Industry-standard VESA mounting holes ensure compatibility with most small form factor PCs and thin clients.

IPS technology

IPS displays use advanced technology that gives you extra-wide viewing angles of 178/178 degrees, making it possible to view the display from almost any angle. Unlike standard TN panels, IPS displays give you remarkably crisp images with vivid colours, making them ideal not only for photos, films and web browsing, but also for professional applications that demand colour accuracy and consistent brightness at all times.

16:9 Full HD display

Picture quality matters. Regular displays deliver quality, but you expect more. This display features an enhanced Full HD 1920 x 1080 resolution. With Full HD for crisp detail, paired with high brightness, incredible contrast and realistic colours, you can expect a true-to-life picture.

eyesafe® CERTIFIED 2.0 (RPF 40)

The Philips display meets the eyesafe® CERTIFIED 2.0 standard to truly protect you from prolonged exposure to blue light. The always-on blue light filter not only helps reduce digital eye strain, but also guarantees colour integrity.

Built-in Speaker

SmartErgo Base

Flicker-free

Wide Viewing Angle

Ultra Slim Bezel

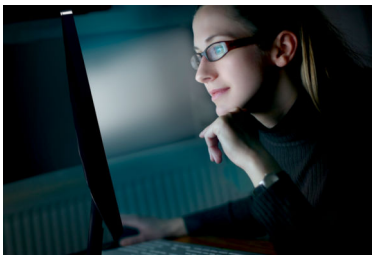

Highlights

Ultra Slim Bezel

This monitor makes your viewing experience feel more seamless and complete by reducing the amount of frame surrounding the screen. The Ultra Slim Bezel feature creates an elegant transition from the screen to the monitor's narrow bezel, making it more attractive in both form and function.

SoftBlue Technology with Low Blue Light Panel

SoftBlue technology offers increased visual comfort and protection against adverse health effects caused by prolonged exposure to blue light. With the low blue-light panel, the ratio of display emission light in the range of 415-455 nm to 400-500nm is reduced to less than 50%. As a result, SoftBlue technology provides optimal visual comfort, minimises eye strain and supports sustained focus. In addition, SoftBlue LED technology has been tested and TÜV Rheinland Low Blue Light (Hardware Solution) certified for its effectiveness in reducing blue light emissions.

120Hz Fast Refresh

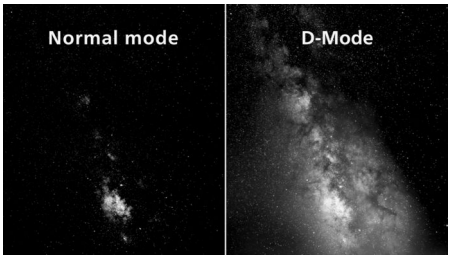

The smoother the motion, the less strain on your eyes. This Philips monitor is equipped with an improved 120Hz refresh rate. Whenever you scroll, switch between applications, or navigate complex spreadsheets, you experience smoother and more precise movements. That means you can work for as long as you need with minimal visual fatigue—all while increasing the speed of your workflow.

Smart Link Sync Second Screen Harmony

When connected as a secondary monitor in a daisy-chain setup with a Smart Link Sync-enabled primary display, brightness and colour settings are automatically synchronised. No manual adjustments are needed. Whether you're designing, presenting or multitasking, enjoy seamless visual consistency across screens. Choose from OSD Sync or Light Sync modes (Low, Mid or High) on the primary monitor to match your environment.

D-Mode

Reveal every hidden detail in the dark-toned areas of your display. D-Mode enhances greyscale detail to make subtle tonal differences easier to see. Based on the greyscale perception model defined by the DICOM Part 14 GSDF standard, it improves the visibility of details that standard display settings may miss. The result is clearer differentiation between subtle shades and improved detail visibility in greyscale content such as technical illustrations, scans, and other high-detail imagery.

Specifications

Picture/Display

Panel Size: 27 inch / 68.5 cm
Aspect ratio: 16:9
LCD panel type: IPS technology
Backlight type: W-LED system
Pixel pitch: 0.3114 (H)mm x 0.3114 (V)mm
Optimum resolution: 1920x1080@75Hz
Brightness: 350 cd/m²
Display colours: 16.7M (true 8 bits)
Colour gamut (typical): sRGB 99.6% , NTSC 91.85% *
Contrast ratio (typical): 1500:1
SmartContrast: 50,000,000:1
Response time (typical): 4 ms (Grey to Grey)*
Viewing angle: 178º (H) / 178º (V), @ C/R > 10
Picture enhancement: SmartImage
Maximum resolution: 1920x1080@75Hz(VGA), 1920x1080@120Hz(HDMI/DP)
Effective viewing area: 597.89(H)x 336.31(V) mm
Scanning Frequency: VGA: 30K-85KHz (H) / 48 -75 Hz (V); HDMI/DP: 30K-140KHz (H) / 48 -120 Hz (V)
sRGB
SoftBlue
Flicker-free
Pixel Density: 82 PPI
Display Screen Coating: Anti-Glare, 3H, Haze 25%
EasyRead
Adaptive sync (VRR)
EyeSafe
Smart Link Sync: When used as a secondary monitor only*
DICOM (D-mode)

Connectivity

Signal Input: VGA x 1, HDMI 1.4 x 1, DisplayPort 1.4 x 1
Sync Input: Separate Sync, Sync on Green
Audio (In/Out): Audio-in
HDCP: HDCP 1.4 (HDMI / DisplayPort)
USB Hub: USB3.2, Gen1, 5G, upstream: 1x USB-B / downstream: USB-A x3 (with x1 fast charge B.C 1.2),
USB-C x1 (data, 15W)

Convenience

Built-in Speakers: 2W x 2
Plug & Play Compatibility: DDC/CI, Mac OS, sRGB, Windows 11 / 10
User convenience: SmartImage, Input, Brightness, Menu, Power On/Off
OSD Languages: Brazil Portuguese, Czech, Dutch, English, French, Finnish, German, Greek, Hungarian, Italian, Japanese, Korean, Portuguese, Polish, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, Turkish, Ukrainian
Other convenience: Kensington lock, VESA mount (100x100mm)
Control software: SmartControl, SmartManagement

Stand

Pivot: -/+90 degrees
Height adjustment: 150 mm
Swivel: -/+180 degrees
Tilt: -5/30 degrees

Power

ECO mode: 6.67 W (typ.)
Power supply: Built-in, 100-240VAC, 50-60Hz
Off mode: 0.3W (typ)
On mode: 13.85 W (typ.) (EnergyStar test method)
Standby mode: 0.3W (typ)
Power LED indicator: Operation - White, Standby mode- White (blinking)
Energy Label Class: C

Dimensions

Packaging in mm (W x H x D): 690 x 455 x 139 mm
Product without stand (mm): 615 x 361 x 46 mm
Product with stand (max height): 615 x 540 x 229 mm

Weight

Product with packaging (kg): 8.76 kg
Product with stand (kg): 6.09 kg
Product without stand (kg): 4.09 kg

Operating conditions

Altitude: Operating: +12,000ft (3,658m), Non-operating: +40,000ft (12,192m)
Temperature range (operation): 0°C to 40°C
Relative humidity: 20%-80%
Temperature range (storage): -20°C to 60°C
MTBF (demonstrated): 70,000 hrs (excluding backlight)

Sustainability

Environmental and energy: EnergyStar 8.0, EPEAT*, RoHS
Post-consumer recycled plastic: 85%
Recyclable packaging material: 100 %
Specific Substances: PVC / BFR free housing, Mercury free

User Documentation

* The "IPS" word mark / trademark and related technology patents belong to their respective owners.
* Response time value equal to SmartResponse
* sRGB area based on CIE 1931, NTSC area based on CIE 1976.
* The EPEAT rating is valid only where Philips registers the product. Please visit https://www.epeat.net/ for the registration status in your country.
* The cable(s) supplied with the product may vary in type, quantity and specifications in line with country- or region-specific requirements.
* This monitor supports Smart Link Sync only when used as a secondary monitor connected to a primary monitor that also supports Smart Link Sync in a daisy-chain configuration.
* The 5-year warranty is a voluntary manufacturer's limited warranty. It applies only in the countries listed on this page: https://www.philips.co.uk/c-e/so/monitors/tco-certified-edge. For consumers, it is provided in addition to, and without affecting, their legal rights under applicable national laws. For non-consumer (business/professional) end users, only the manufacturer's limited warranty terms apply.
* The products and accessories listed in this leaflet may differ by country and region.
* The monitor may look different from the feature images.
