

HP Z43 42.5-inch 4K UHD Display

Huddle up for 4K¹ collaboration

Upgrade your impromptu meetings and collaborative brainstorming sessions with the 43" diagonal HP Z43 4K UHD Display. Get started immediately with single USB-C™ cable connectivity to your devices.

*Product image may differ from actual product

Brilliant views

- Experience crisp, colorful picture quality and excellent content readability with more than 8 million pixels. The 4K¹, 3840 x 2160 resolution screen replaces a typical quad-display setup without the bezel interruptions of multi-screen tiling.

Go live in seconds

- Start your meetings fast with one-and-done device connectivity from a single USB-C™ cable that declutters your workspace, receives video and data, and can power your device up to 65W.²

Create a content jam session

- Redefine onscreen collaboration when you pull content simultaneously from up to four PCs and broadcast together on the screen at the same time with Picture-by-Picture features.

Featuring

Fast, easy connectivity

Quickly connect to your video source with DisplayPort™, USB-C™, HDMI 2.0 or Mini DisplayPort™; and conferencing tools like a webcam or speakers with 3 USB 3.0 ports and an additional USB-C™ port.³

Place it where you need it

Use the display with its adjustable tilt and swivel stand in conference rooms and workspaces where you need large-scale views of data and content, or take it off the stand and mount on a wall in small spaces with the attached VESA.⁴

Add your PC of choice

Drive a meeting from your mobile device, notebook or a collaboration-enabled PC like HP Elite Slice for Meeting Rooms, which has one-touch collaboration keys and is optimized for Skype for Business®.⁵

Click or call for support

Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection, select an optional HP Care service.⁶
