

Expression Home XP-325

Save money, time and space with this Epson small-in-one, featuring individual inks, mobile printing and LCD screen.

The Expression Home XP-325 is part of Epson's smallest ever range of small-in-one home inkjets. This printer, scanner and copier offers cost-effective printing through the use of inks that can be replaced individually. An LCD colour screen makes using the XP-325 clear and easy, while Wi-Fi compatibility and mobile printing allow printing from anywhere¹.

Efficient & affordable

Epson's Claria Home Ink is ideal for affordable and reliable printing, producing crisp, clear text documents and glossy, lab-quality photos. The use of individual ink cartridges mean you only have to replace the colour used, saving you money.

Easy set-up

The automatic Wi-Fi set-up² makes configuring laptops and computers to print and scan wirelessly extremely easy. You don't need to know your network settings as the XP-325 automatically finds the relevant connection settings in order to configure itself. For added versatility, Wi-Fi Direct[®] allows easy printing from compatible wireless devices without the need for a network.

Mobile printing

The XP-325 comes with Epson Connect¹ which consists of Epson iPrint¹ – for easy wireless printing from smartphones and tablets; Epson Creative Print¹ – print photos directly from Facebook and Epson Email print¹ – print from anywhere in the world by emailing photos and documents directly to the printer. AirPrint³ and Google Cloud Print are also supported.

PC-free printing

This all-in-one's 3.7cm colour LCD screen and accompanying memory card slot offers easy-to-use, PC-free photo printing with helpful menu prompts.
