

DATA SHEET

PERSONAL VIDEO COLLABORATION KITS

Logitech® Personal Video Collaboration Kits empower dispersed teams to stay engaged and aligned from wherever they work. Each kit features the Zone Wireless Headset and your choice of the BRIO or C925e webcam—delivering studio-quality audio and life-like video for maximum collaboration and peak productivity.

LOGITECH WEBCAM AND HEADSET COMBINATIONS

Turn any personal workspace into a focused collaboration space with a Personal Video Collaboration Kit. The Zone Wireless *Bluetooth*® headset, specifically designed to tune out unwanted noise in the open office, is paired with either the BRIO or C925e webcam in pre-configured bundled solutions. Together, they are fully plug-and-play compatible with virtually any video conferencing software, making them as easy to deploy as they are to use. Priced for deployment at scale, these kits empower any size organization with tools to foster a culture of employee engagement.
