

32-Device USB Charging Cart with Syncing, Secure Storage and Cord Management for iPad and Android Tablets, Black

MODEL NUMBER: **CSC32USB**

Description

The CSC32USB 32-Device USB Charging Cart provides fast charging, convenient syncing, secure storage, cord management and mobility for up to 32 iPad, Android, Surface and Kindle tablets. It also charges mobile phones and other USB devices. It's ideal for education, office, commercial, retail, industrial and healthcare environments.

32 USB ports deliver the fastest charging supported by each device, up to 2.4A per port. The cart also supports wired and wireless syncing, including syncing while charging.

The steel cabinet provides comprehensive device protection. It has a powder-coated finish and locks with the included keys to prevent device theft, damage or tampering. Flow-through ventilation prevents overheating, coated shelves prevent scratches and scuffs, and rubber grommets prevent cord damage.

The cart also provides clutter-free organization of devices and cabling. Charging cords store out of sight, and a toolless trim panel permits quick service access.

When moving devices from room to room, the compact cart provides effortless mobility. Large, non-marking swivel casters deliver a smooth ride, and the wide-grip push-pull handle permits easy cart control.

The cart is also easy to configure. The cart's cabinet is fully assembled, and the handle and cord wrap attach on either side. The front doors open 180 degrees for clear access. Rear-panel slots support optional wall-mount installation, and removable dividers accommodate thicker devices.

Features

Fast Charging

- 32 USB ports provide fastest charging supported by each device, up to 2.4A per port
- Perfect for iPad, Android, Surface and Kindle tablets
- Also charges mobile phones and other USB devices
- Fits tablets with cases (up to 16.5 x 10.5 x 1.5 in. with cord)

Highlights

- Fast 2.4A USB charging, syncing and storage for 32 devices
- Locking steel cabinet with flow-through ventilation
- Adjustable device dividers and integrated cord management
- Wide-grip handle and large, non-marking caster wheels
- Detachable 10 ft. power cord

Package Includes

- CSC32USB 32-device USB charging cart
- (2) Keys for door lock
- Cart handle with mounting hardware
- Input cord wrap with mounting hardware
- Hex key for included mounting hardware
- Detachable 10 ft. AC input cord
- Owner's manual

- Detachable 10 ft. AC input cord

Convenient Syncing

- USB sync uplink port connects to host computer for wired syncing
- Also compatible with wireless syncing
- Supports simultaneous syncing and charging (up to 1.5A per port during wired syncing)

Comprehensive Protection

- Sturdy steel construction and powder-coated finish provide long-term durability
- Doors lock with included keys to prevent device theft, damage or tampering
- Extra-secure 3-point locking mechanism latches doors at top, middle and bottom
- Built-in hasp and user-supplied padlock can replace or supplement built-in lock
- Rear security ports accommodate user-supplied bicycle cable or chain lock
- Flow-through ventilation prevents devices from overheating
- Coated shelves shield devices from scratches and scuffs
- Cord access ports have rubber grommets to prevent damage

Clutter-Free Organization

- Charging cord slack stores out of sight
- Charging cord access ports for each device
- Toolless trim panel permits quick cord access
- Compact unit fits in same space as typical utility cart

Effortless Mobility

- Large 4 in. non-marking swivel casters deliver smooth ride
- Casters lock to prevent unwanted movement at rest
- Wide-grip push-pull handle permits easy cart control
- Cord wrap keeps input cord out of the way when moving cart
- Handle and cord wrap mount on either side of cart

Flexible Configuration

- Cart's cabinet ships fully assembled – just attach handle and cord wrap
- Doors open 180 degrees for unrestricted device and service access
- Split doors reduce clearance requirements
- Rear-panel mounting slots support optional wall-mount installation
- Removable dividers accommodate thicker devices
- Firmware upgrade port for future updates
