

## Das Keyboard 4 Ultimate

## AN EXPERIENCE LIKE NO OTHER

The Das Keyboard 4 Ultimate mechanical keyboard is a completely blank keyboard designed for the uber typist and gaming enthusiast. Combining tactile feel, a distinguished acoustic experience, and incredible craftsmanship, it delivers an unmatched typing experience. Made of the highest quality materials, our keyboards are designed with high-performance, gold-plated mechanical key switches lasting up to 100 million keystrokes..

### KEY FEATURES

- Built-in 2-port USB-3 hub
- Blank keycaps
- Oversized volume knob
- Media keys
- Cherry MX switches
- Metal top

## Cherry MX Switches

Cherry MX blue and brown mechanical key switches are high-performance, gold-plated switches that provide the best contact and typing experience. A lifespan of 100 million keystrokes, the brown switch has a soft, tactile bump about halfway through the keypress. The blue switch has a lifespan of 50 million keystrokes, requires more force, and has a clicky, tactile bump with a satisfying, audible click.
