DATASHEET / BROCHURE

Small-in-One with individual inks, user-friendly Wi-Fi for multiple users and mobile printing.

The Epson Expression Home XP-215 comes with Epson Connect[1], offering greater flexibility and freedom. It allows you to quickly and easily print documents and photos over Wi-Fi from smartphones and tablet PCs. You can also print from anywhere in the world by emailing documents and photos directly to the printer.

Cloud Support

The automatic Wi-Fi set-up[2] makes configuring laptops and computers to print and scan wirelessly extremely easy. You don't need to know your network settings, as the XP-215 automatically finds the relevant connection settings in order to configure itself.
