

HP Engage One Pro Barcode Scanner

This integrated bar code scanner streamlines your checkout area, while offering placement options, acceptance of various barcodes and coupons, and enhanced features for an easier, more accessible checkout experience.

**Out of the way even when you need it**

Enjoy a configurable, clutter-free scanning space. Our new integrated bar code scanner inserts into the left, right, or bottom of the HP Engage One Pro for a slick, seamless look.

Ready for the digital age

Quickly scan mobile wallets and digital coupons from customer mobile devices or printed 1D and 2D barcodes. Plus validate customer identity with passport OCR.

Full service or self-serve scanning

Enable both employees and customers alike to scan items with ease. The unit reads bar codes when they're placed within 1" to 12" inches from the scanner.

Adjustable scan light

Minimize fatigue by adjusting the scan light for your ambient lighting conditions—lower the brightness in darker environments and increase in brighter environments.

Get it when you need it

Choose to have the bar code scanner included when you purchase your HP Engage One Pro, or add it on later as you need the upgrade.¹

Your choice of OS

Enjoy support for your retail operating system of choice. The HP Engage One Pro bar code scanner supports Windows 10, Windows IoT, Linux®, and Android-based systems.

Supported by HP

Rest easy that your IT investment is supported by a three year standard limited warranty.²
