Product Description

The SmartFit® One-Touch Height Adjustable Single Monitor Arm makes it easy to find the proper monitor height (and a neutral, comfortable posture) with its patented SmartFit® System and fully articulating design. Tested to meet ANSI/BIFMA standards, a heavy duty build guarantees stability in every position while its gas spring monitor mount makes adjusting your monitor's height, depth and angle effortless, from landscape to portrait mode. The product's built-in cable management system organises and conceals cables while the arm lifts your external monitor up and out of the way, decluttering and clearing valuable desk space at once. Kensington durability guarantees a more ergonomic workspace for years to come.

Features

- With SmartFit®, finding the proper monitor height for maximum comfort as easy as 1-2-3. Simply match your hand size to the colour on the provided chart, set the height to your colour and you're done.
- The Kensington SmartFit® One-Touch Height Adjustable Single Monitor Arm makes adjusting your external monitor's height, depth and angle effortless. With 170–505mm height adjustment, $\pm 90^\circ$ swivel and monitor rotation, and $\pm 90^\circ$ tilt adjustment, the product's fully articulating design gives you total control over the placement of your monitor, from landscape to portrait mode. Its counterbalance tension adjustment allows you to 'tighten' or 'loosen' the arm to accommodate a range of monitor weights with the same effortless and stability (Allen key included).
- The Kensington SmartFit® One-Touch Height Adjustable Single Monitor Arm is stable in any position, supporting a 13'–34" flat or curved monitor weighing up to 9kg (19.8lbs).
- The Kensington SmartFit® One-Touch Height Adjustable Single Monitor Arm is mountable by c-clamp (desktop thickness range: 10–85mm or grommet (desktop thickness range: or 10–80mm; grommet hole diameter range: 10.5–50mm – tool kit included. Its non-permanent, non-marking installation makes removal easy. An included quick-release, detachable VESA 75/100 plate makes the arm ideal for VESA mountable monitors.
- The Kensington SmartFit® One-Touch Height Adjustable Single Monitor Arm's built-in cable management system keeps cables out of sight and organised, held within the arm itself.
- The Kensington SmartFit® One-Touch Height Adjustable Single Monitor is tested to meet ANSI/BIFMA performance and safety standards.
