Qty: Sixteen

M6 Flange Nut

Qty: Sixteen

Grounding Wires

Qty: Four

M6 Grounding Wire Bolts	*M6 Grounding Wire Lock Washers*
Qty: Four	*Qty: Four*

Installation

1. Align the **Corner Beams** (x 2) with the **Center Beam**, Sliding the **Corner Beams** overtop of the **Center Beam**. The two **Corner Beams** should be on top of the **Center Beam**.

Align the Corner Beams (x 2) with the Center Beam

2. Slide the **Corner Beams** (x 2), inward along the **Center Beam**, to adjust the mounting depth of the **Rack**.

3. To Adjust the mounting depth align the numbers on the **Center Beam** with the first **Rectangular Cutout** on the **Corner Beams** (x 2). For more mounting depth options see the Mounting Depth Chart.

Aligning the Rectangular Cutout

Note *If you what to achieve a mounting depth of 34" both of the first* **Rectangular Cutouts** *must be aligned with the number 6.*

4. When you have the mounting depth set, insert the **M8 Bolt** (x 8) through the **Corner Beams** (four per beam), and into the **Center Beam**.

Inserting the M8 Bolt at position 8 and 9

5. On the back on the **Center Beam** align the **M8 Washers** (x 8) with the **M8 Bolts** inserted in step 4.

6. Use the **Wrenches** (included) to hold the **M8 Washer** while tightening the **M8 Bolt**. Tighten all **M8 Bolts,** being careful not to over-tighten.

7. Align the **Left Vertical Rail** with the **Screw Holes** at the end of the **Beam Assembly** (which consists of two **Corner Beams** and one **Center Beam**).

   *Note: The side with the two **Screw Holes** at the end of the **Left Vertical Rail** is the bottom of the **Rack**.*

8. Align the **Screw Holes** on the **Top Bracket** with the **Screw Holes** on the **Left Vertical Rail**. Align **M8 Washers** (x 2) with the **Screw Holes** on the end and top of the **Top Bracket**. Make sure that the **Top Bracket** is on the outside or overtop of the **Left Vertical Rail**.

9. Insert an **M8 Bolt** through the end **Screw Hole** on the **Top Bracket** and into the **Left Vertical Rail**.

10. Insert an **M8 Bolt** through the top **Screw Hole** on the **Left Vertical Rail** and into the **Beam Assembly**.

11. Using the included **Wrench** tighten the **M8 Bolts** being careful not to over-tighten.
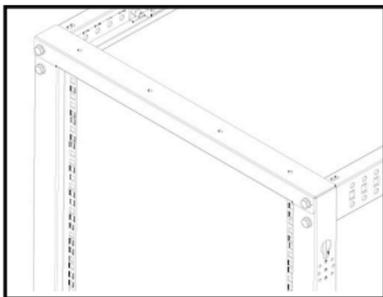

Aligning the Top Bracket with the Vertical Rail

12. Align the **Screw Holes** in the **Base Bracket** with the **Screw Holes** in the **Left Vertical Rail**.

13. Align the **M8 Washers** (x 2) with the **Screw Holes** on the end and top of the **Base Bracket**.

14. Insert two **M8 Bolts** through the end **Screw Holes** and into the **Left Vertical Rail**.

15. Using the **Wrench** (included), tighten the **M8 Bolts,** being careful not to over-tighten.

16. Align the **Screw Holes** on the **Base Bracket** with the **Screw Holes** on the **Left Vertical Rail**.
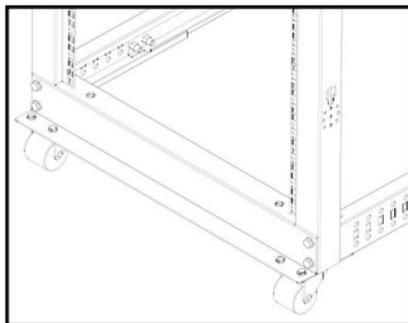

Aligning the Base Bracket with the Vertical Rail

17. Repeat steps 7 - 17 to install the **Right Vertical Bracket**, **Top**, and **Base Brackets**.

18. When you have one side assembled repeat steps 7 - 17 to assemble the other side of the **Rack**.

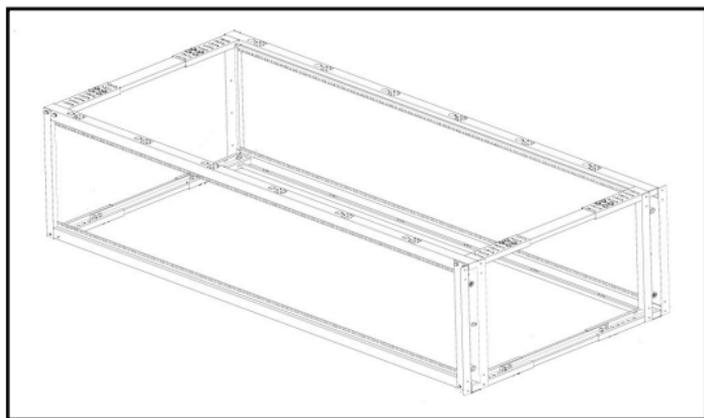

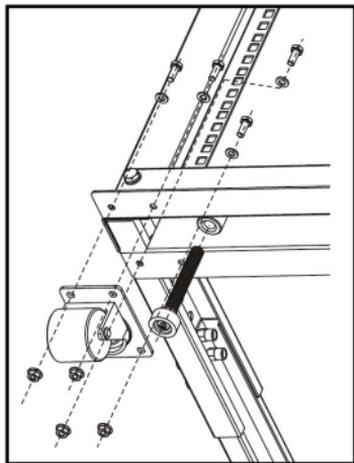

Assembled Rack

Installing the Casters

1. Make sure that the **Rack** is positioned on it side.

   *Note: Two people are required for repositioning the **Rack**.*

2. Algin the **Mounting Holes** on the **Casters** with the **Caster Mounting Holes** on the bottom of the **Rack**.

3. Insert the **M6 Screws** (x 4) through the **Flat Washers** (x 4).

4. Insert the **M6 Screws** and **Flat Washers** through the **Rack** and **Caster** and into the **M6 Flange Nut**.

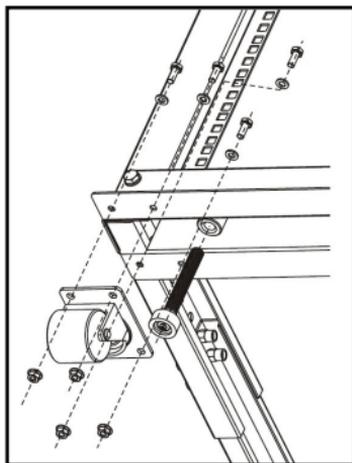

Installing the Casters

5. Use the **Phillips Head Screwdriver** (included) to tighten the **M6 Screws**.

Installing the Levelers

1. Make sure that the **Rack** is positioned on it side.

   *Note: Two people are required for repositioning the **Rack**.*

2. Algin the **Levelers** (x 4) with the **Leveler Mounting Holes** on the bottom of the **Rack**.

Installing the Levelers

3. Insert the **Levelers** into the **Leveler Mounting Holes**. Tighten the all four **Levelers** to the same height so that the **Rack** is level.

# Installing the Cable Management Hooks

1. Align the **Cable Management Hooks** with the **Cable Management Screw Holes** along the back of the **Rack**.

2. Insert a **Hook Management Screw** though the **Rack** and into the **Cable Management Hook**.

3. Using the **Phillips Head Screwdriver**, tighten the **Hook Management Screw** being careful not to over-tighten.
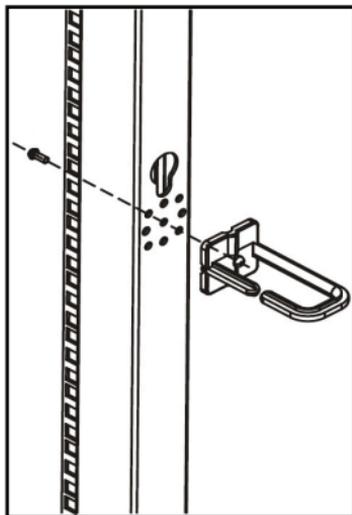

Installing the Cable Management Hooks

Grounding the Rack

1. Insert an **M6 Screw** through the **Grounding Point** on the **Grounding Wire** and into the **Ground Hole** located on the bottom of the **Rack**.
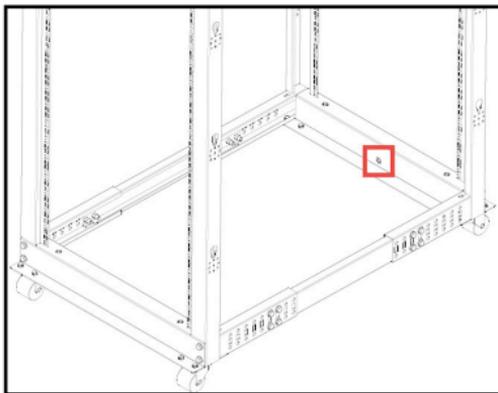

Grounding the Rack

2. Run the **Grounding Wire** under the **Rack's Frame**.

3. Connect the **Grounding Wire** to an earth ground connection.

Mounting Depth Chart

Mounting Depth	Numbers	Mounting Depth	Numbers
22 in.	0 and 0	32 in.	5 and 5
23 in.	1 and 0	33 in.	5 and 6
24 in.	1 and 1	34 in.	6 and 6
25 in.	1 and 2	35 in.	6 and 7
26 in.	2 and 2	36 in.	7 and 7
27 in.	2 and 3	37 in.	7 and 8
28 in.	3 and 3	38 in.	8 and 8
29 in.	3 and 4	39 in.	8 and 9
30 in.	4 and 4	40 in.	9 and 9
31 in.	4 and 5		

Specifications

U Height	42U
Material	Steel
Rack Type	4-Post
Frame Type	Open Frame
Colour	Black
Minimum Mounting Depth	22 in. (558.8 mm)
Maximum Mounting Depth	40 in. (1016 mm)
Dimensions (WxHxD)	23.6x80.5x26 in. (600x2045x662 mm)
Weight	84.9 lb. (38.5 kg)

Warranty Information

This product is backed by a two-year warranty.

For further information on product warranty terms and conditions, please refer to www.startech.com/warranty.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product.

Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

StarTech.com
Hard-to-find made easy®

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
