

4XEM 10 Pack 1FT USB-C to USB-C 60W Power Delivery Cable – Black

4XEM Part- 4XUSBCUSBC30CMB10PK

The 10 Pack of 4XEM 1FT USB-C to USB-C 60W Power Delivery Cables is the perfect solution for fast, reliable charging and data transfer in a compact, durable design. Supporting 60W (3A) Power Delivery, these cables ensure efficient and high-speed charging for a variety of USB-C devices, including laptops, tablets, and smartphones. Whether you need to power up your device or transfer files, the 480 Mbps data transfer rate allows for seamless syncing, making them an excellent choice for professionals, students, and everyday users who require dependable performance.

Designed with bidirectional functionality, these cables provide flexibility in charging and data transfer, allowing connection to flow in either direction depending on your device needs. The PVC cable jacket enhances durability, ensuring long-lasting use while maintaining a sleek, clean look. Additionally, the nickel-plated connectors offer strong resistance to corrosion and wear, delivering a stable and reliable connection over time.

With their 1FT (11.8 inches) length, these cables are compact and tangle-free, making it ideal for travel, office, or home setups where excess cable clutter is a concern. The short length also reduces signal loss and power resistance, ensuring optimal performance at all times.

Features

- 60W (3A) Power Delivery
- Bidirectional Connectivity
- 480 Mbps Data Transfer
- Compact & Tangle-Free
- 10 pack of 1FT (11.8 in) cables
- PVC cable jacket
- Nickel-plated connectors for longevity.
- 1-Year Warranty
- Black cable color

Application

- **Fast & Efficient Charging** – Supports 60W (3A) Power Delivery, ensuring quick and reliable charging for laptops, tablets, and smartphones.
- **Reliable Data Transfer** – With a 480 Mbps data transfer rate, easily sync files and connect devices for seamless communication.
- **Clutter-Free Workspaces** – Ideal for desktops, offices, and conference rooms, this compact cable prevents excess cable mess while keeping devices powered. The short length minimizes excess cabling, making it ideal for public charging stations, libraries, and business hubs.
- **Optimized for Charging Carts** – The short 1FT (11.8 in) length keeps cables neatly organized in charging carts, reducing tangles and clutter in schools, offices, and shared workspaces.
