

G2LU3CAM01

USB 3.1 Gen 2 A to C cable 10G (USB-IF)

Connect Your USB-C™ Devices to USB-A Devices

The Charge & Sync Flip™ USB-C to USB-A 10 Gbps cable integrates charge, sync, video and USB functions into a single port. The cable supports data transfer as well as charging output, so your standard USB-A devices such as chargers, hard drives and other peripherals are now compatible with USB-C ports. With data transfer speeds up to 10 Gbps, you will save time syncing your videos, photos, music and other data between devices.

USB-IF Certified Cable

The Cable is certified SuperSpeed+. Certified USB-IF cables have met the highest industry standards, are certified to be compliant to the specifications, and are tested for interoperability with other USB products.

Reversible USB-C

The Charge & Sync Flip™ Pro cable's design features a reversible USB-C connector allowing you to plug it into your device quickly, no matter which direction it is facing.

- Connect your USB-C™ devices to USB-A peripherals
- Enjoy ultra-high speed data transfer rates up to 10 Gbps
- USB-IF certified SuperSpeed+ cable
- Charges your USB-C devices (phone, tablet, laptop)

Requirements

- USB-C enabled Devices
- USB-A enabled Devices

Package Contents

1x G2LU3CAM01
