

4XEM USB-C to USB-A Male to Female Adapter

4XEM Part- **4XUSBCUSBAA**

Introducing the 4XEM USB-C to USB-A male to female adapter - the perfect solution for all your connectivity needs!

This compact and lightweight adapter allows you to connect your USB-C enabled devices to your legacy USB-A peripherals, such as keyboards, mice, printers, and external hard drives. With its plug-and-play design, simply plug in the adapter and you're ready to go!

Featuring a male USB-C connector and a female USB-A port, this adapter provides high-speed data transfer rates of up to 5Gbps, ensuring fast and efficient file transfers. Made with high-quality materials, the 4XEM USB-C to USB-A adapter is built to last. Its sturdy construction ensures reliable and durable performance, even with heavy use.

USB SuperSpeed 3.0 (also known as USB 3.1 Gen 1 and USB 3.2 Gen 1) is backwards compatible and will still connect to devices that highlight USB 2.0 capabilities. When used with USB 2.0 devices transfer speeds will conform to USB 2.0.

So whether you're a professional on-the-go or a tech-savvy user looking to expand your connectivity options, the 4XEM USB-C to USB-A adapter is the perfect accessory for you. Order yours today and experience seamless connectivity like never before!
