Product Description

The Kensington A1010 Telescoping Desk Stand is a professional desktop mount optimized for microphones, webcams, and lighting systems—and a perfect accessory for keeping your video conferencing setup organized and professional. The adjustable height stand accommodates different setup needs, the non-skid base prevents slipping, and a cable management clip supports a tidy workspace. The A1010 is part of Kensington's Professional Video Conferencing ecosystem—a powerfully cohesive plug & play software and accessory experience that empowers you to spend more time collaborating and less time troubleshooting.

Features

- A versatile desktop mounting solution for microphones, webcams, and lighting systems (3/8", 1/4" and 5/8" adaptors included).
- Extends from 11.8" to 19" to accommodate different webcam, microphone, and lighting configurations.
- Keeps unsightly cords organized and out of your workspace—allowing for a clean and tidy video conferencing setup.
- A wide, non-skid base keeps your stand and accessories stable during use.
- Create a tailored Professional Video Conferencing setup based on your environment and budget by combining with other accessories, such as a Webcam (W2000) or Ring Light (L1000).
- Meets MIL-STD-810H Method 504.3 Contamination by Fluids with disinfectants with no degradation.
- No visual degradation or inability to use as directed upon test completion
- Connect with confidence knowing Kensington stands behind the A1010 with a 2-year warranty.
