

FP200W9 Privacy Screen for 20" Widescreen Monitors (16:9) - TAA

K55796WW

Product Description

Protect the sensitive information displayed on your monitor while also protecting your vision and the screen itself from scratches and fingerprints with a Privacy Screen for a Widescreen Monitor. They're great when you want to block wandering eyes that might be able to see what's on your desktop monitor. The thin privacy screen limits the field of vision to +/- 30 degrees and attaches with tab holders you place around the edge of your screen. The privacy screen also reduces harmful blue light by up to 30 percent.

Features

- Limits viewing angle to +/- 30°, hiding personal or confidential information from anyone trying to look from the side
- Reduces harmful blue light by up to 30%
- Can be installed using the included frameless tab holders or double-sided tape
- Anti-reflective coating reduces glare and improves clarity
- Reversible with matte and glossy viewing options. One side has a matte finish to reduce glare and fingerprints. The other side is glossy and provides a clearer view of the monitor. The anti-glare/matte surface uses a special antimicrobial film coating that prevents mildew and bacteria growth, which can cause stains and odors on the film.
- Protects the monitor screen from scratches and damage
- Cleaning cloth included
- TAA Compliant
- Special film coating (matte side only) prevents mildew and bacteria growth, which can cause stains and odors on the film.
- Applies to matte side
- Compatible with touchscreen monitors.
