Troubleshooting

If you're having problems with the installation, try one of the following:

- Turn off your modem and router and disconnect them. Reboot your modem. Reconnect your router to your modem, and try installing with the Nighthawk app again.
- If you're still unable to install your router using the Nighthawk app, manually install it using the router web interface.
Visit <http://www.routerlogin.net> to access the router web interface.
