8 3.5mm cord (Calisto 5200 model only)

# Connect speakerphone

Connect the speakerphone to your computer using the USB cable. Connect the speakerphone to your tablet or mobile phone using the 3.5 mm cable (Calisto 5200 model only). Use the speakerphone to play music or call audio.

# Daily Use

| | |
|---|---|
| Power | **Plug the USB cable into your computer.** The indicator light on the speakerphone will illuminate white and remain on while connected to the power supply. |

**Plug the 3.5 mm cable into your tablet or mobile device.**

**NOTE** *The table refers to the Calisto 5200 model only, there is no battery in the Calisto 3200.*

| Status | Talk time | Indicator |
|---|---|---|
| Battery high | Greater than 12 hours | "Battery high" |
| Battery medium | Less than 12 hours, greater than 2 hours | "Battery medium" |
| Battery low | Less than 2 hours, greater than 30 minutes | "Battery low" played at less than 2 hours talk time |
| Battery critical | Equal to or less than 30 minutes | 30 minutes, "Battery low" repeated every 15 minutes<br>10 minutes, "Battery low" repeated every 5 minutes<br>0 minutes "Power off" played once |

**Important:** If the speakerphone does not automatically power on when plugged in, press and hold the call and mute buttons for 4 seconds to manually power on the speakerphone. Repeating this process will power off the device.
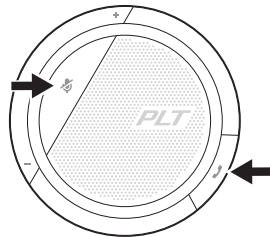

| | |
|---|---|
| Answer or End a call | A short press of the Call button answers or ends a call. |
| Mute/Unmute | A short press of the Mute button mutes or unmutes the microphones. |
| Volume | Press the up (+) or down (-) volume buttons for the desired volume. |
| Music | For a better listening experience with the 3.5mm connector (Calisto 5200 model only), put the speakerphone in music mode by pressing and holding the mute button for 4 seconds. Turn off music mode before taking or receiving calls by pressing and holding the mute button for 4 seconds. |
