

New SureColor™ SC-T3200, SC-T5200 and SC-T7200

TAILORED TO YOUR NEEDS

Unparalleled precision and speed

Continuous innovation with Epson's new Precision Core printhead which offers unparalleled precision and speed while maximising the printer's uptime.

Multiple configurations

Choose from a wide range of options to meet your needs, including an on-board scanner, additional roll or PostScript (PS) capability.

Versatile

The SureColor SC-T Series offers great media versatility and a wide range of applications by both scanning and printing on plain, matte and glossy paper, board and fine art media.

The new SureColor SC-T Series 4-colour printers offer multiple configurations, so there's a model to match your exact needs. 24-inch, 36-inch and 44-inch models are available with the option of single or double rolls, multi-function capability and PostScript. All are equipped with state-of-the-art technology, enabling them to perform complex jobs with ease.

What's new in configurations

Double roll:

Free yourself up from frequent roll changes during busy times with auto switch feature.

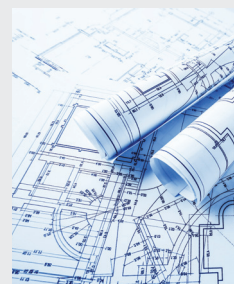

Scanner solutions:

Incredibly fast copying speed at A1 size in less than 40 sec for both monochrome and colour due to the Realoid processor.

Applications

CAD/GIS

Produce CAD and GIS drawings, from line drawings to photo-realistic representations.

Prints are produced quickly and cost-effectively, with high precision.

POS

Easily print POS posters for in-store promotions and advertisements.

Achieve brilliant prints that are smudge, fade and water resistant on a wide range of materials.

Scan, copy & enlarge

Make colour copies or scan documents, to reproduce and enlarge to poster size.

Make digital copies of hand-annotated or externally sourced analogue images.

Large work groups

These printers feature all the tools required to cater for organisations that require large format printing.

Easy integration in complex working environments.

Scanner solutions

Double-roll

Single-roll

EPSON®
EXCEED YOUR VISION

KEY FEATURES

FAST, PRODUCTIVE AND RELIABLE

Greater autonomy

Change inks less frequently with 700ml ink cartridges.

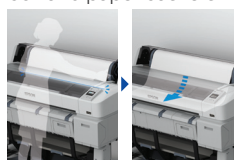

Maximize office productivity

Optional Hard Disk Drive (HDD) reduces print times in a busy environment.

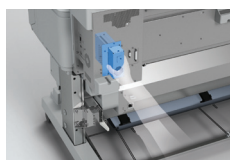

Front operation

Maximise your floor space, as the printer can be conveniently placed up against the wall. Front access to first and second roll holder, ink cartridges, maintenance box and paper baskets.

PostScript support

Reliable PostScript support with the optional Adobe® PostScript® 3™ Expansion Unit *1 (CPU: dual core 1.6GHz).

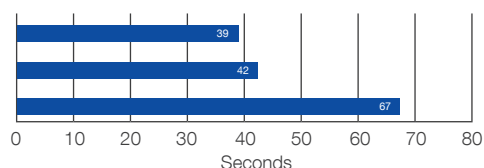

Fast copying speed*2

Colour/mono copy A1 paper size LEF 300dpi

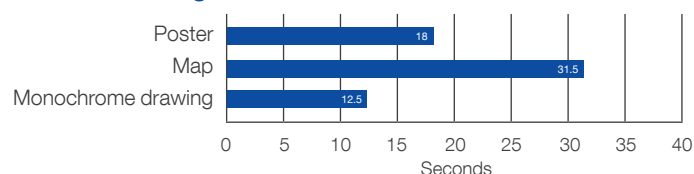

Colour/mono copy A1 paper size SEF 300dpi

Colour/mono copy A0 paper size SEF 300dpi

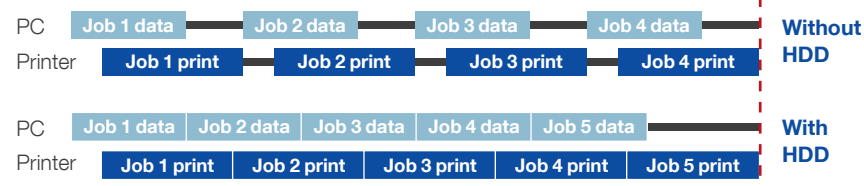

— SureColor SC-Tx200 MFP

Experience the real advantage of our PS*3

— SureColor SC-T Series PS

Maximise your machine's potential with our optional Hard Disk Drive (HDD)*6

Time wasted due to serial processing

SC-T3200

24-inch (610mm)

SC-T5200/5200MFP/5200D/5200D MFP

36-inch (914mm)

SC-T7200/7200MFP/7200D/7200D MFP

44-inch (1,118mm)

COST EFFECTIVE AND INNOVATIVE

Economical

Low cost-per-page, low power consumption and low investment price.

Cost reduction options

To reduce waste, there is an option to print only when size matches the paper size, and images are rotated if necessary.

Instantly share and deliver

With the Scan to Share function you can share your documents via email or send straight to a folder to share in real time and eliminate delays.

Weather resistant ink technology

UltraChrome XD inks make prints such as flag banners and fieldwork drawings suitable for short-term outdoor use.

Mode	Media	Cost per page (Ink only)
Speed	Plain paper	.41p
Quality	Plain paper	.49p
Speed	Singleweight matte paper	.41p
Quality	Singleweight matte paper	.65p
