

The Impact of the InfoCase® Solution

For nearly 15 years, InfoCase has been partnering with pioneers in education to help launch 1-to-1 laptop programs. We've partnered with hundreds of schools across the country, sharing our experience and learning along the way.

As innovators in education you understand the impact that state-of-the-art technology access can have on the learning process. So what happens when a broken laptop is in the repair shop? The educational process is interrupted.

Reduce repairs. Facilitate learning. Take a proactive stance; don't make the case solution an afterthought.

Safeware Insurance offers clients a premium discount up to 20% off when an InfoCase product is purchased.

Let us help keep your laptops in the most important place - the hands of the students!

Daviess County - Owensboro, KY

61% Damage reduction

Ursuline Academy - Dallas, TX

88% Damage reduction in broken screens

Moeller High School - Cincinnati, OH

31% Damage reduction in broken screens

"It's a GREAT product..." - Sunil Gupta (Brunswick School)

"The Endo case has the durability we were looking for...our rate of damage to screens is noticeably lower than last year..." - Jim Golubich (Shoreline SD)

"We've been very happy with the case...we believe it has prevented many potential screen breaks..." - Howard Levin (The Urban School)
