

## Jaco One Cart for LCDs with Onboard L500 LiFe Power System

Part Number: J1-20-L500

Quote Description: CART, JACO ONE, LCD, LiFe, L500, POWER SYSTEM

Product Group: HC-Carts

Minimum Order Qty: 1

Weight: 106.00 LB

Length: 25.00"

Width: 22.00"

Height: 46.00"

Warranty: 10 Year Structural; 3 Year Electrical; 3 Year OEM

### Product Description:

Quiet. Maneuverable. Effortlessly adjustable. Reliable. Customizable. And easier than ever to service and maintain. Jaco One is the culmination of everything we've learned – and everything customers like you have told us – in our 25 years of building medical carts. We engineered Jaco One to start saving you time, money, and trouble the moment it hits your facility floor – and to keep delivering value for years to come, no matter how your clinical demands and workflows change.

Standard configuration includes:

- Blue Accent Color
- Right Side Raised Mouse Tray
- Left Side Lower Mouse Tray

### Key Selling Points:

- Effortless height adjustment – the worksurface glides up and down with virtually no resistance
- Easy-to-access electronics for faster service, minimal downtime
- Designed and refined for fewer failure points and reduced wear and tear
- A smart alternative to powered lift carts – lighter, faster, quieter, and far less likely to need service or repair

### Product Features:

- Ships assembled
- Lightweight aluminum and welded metal tube construction
- Infection Control: Antimicrobial embedded powder coat finish
- 10-year warranty on mechanical components; 3-year warranty on electrical components
- Manufactured in the USA

### Extended Specifications:

Standard Dimensions

- Work surface: 20 w"x 18" d
- Internal electronics bay: 16" w x 13" d x 3" h
- LCD monitor mount: Rotation: 350°; Pan up: 90°; Pan down, 5°
- Maximum monitor weight: 16 lbs
- Work surface height adjustment range: 31" to 47" (from floor)
- Wheel base height: 8.5"
- Total base dimensions: 16" w x 16" d x 13" h

- Starting weight: 72lbs

#### Power Options

- Onboard Power System with 8' Medical Grade Power Cord
- AC output voltage: 120V AC, 180W, UL60601 Certification
- Wave form output: Pure Sine AC
- Battery technology: Lithium iron phosphate (LiFePO4 )
- Capacity: 250 Wh per battery, up to 500 Wh total capacity (with two batteries)
- Lifespan: 3000+ recharge cycles per battery
- Recharge time: Less than 4 hours to 100%
- Power System Weight: L250 27lbs; L500 34lbs
