NeatCharge

UNDER DESK WIRELESS CHARGER

Humanscale®

NeatCharge

Now more than ever, work environments need seamless solutions that keep workers productive, efficient, and have fewer touchpoints. Humanscale's NeatCharge eliminates the need for unsightly cables and phone chargers on the desk, allowing for a neater work surface that is easy to clean.

NeatCharge is a simple yet sophisticated solution for the home or office that enables devices to charge by simply placing them on top of the work surface. The charger's compact design subtly attaches to the bottom of a desk or tabletop and accommodates surfaces up to 1.5" (38mm) thick.
