

Dashboard, Tabletop, and Wall Mount

This compact mount makes your tablet accessible and maneuverable while occupying minimal space. The sturdy mount base installs easily to your dashboard, wall, or countertop via a standard AMPS pattern, supporting a heavy-duty carbon fiber support arm. At both the top and bottom ends of this arm are tension-adjusting ball socket joints to give you an enormous range of angle options, plus the means for portrait and landscape display orientations. Your tablet is secured inside the unique slide-adjustable tablet holder. The open style holder design allows full access to your tablet's ports, buttons, and headphone jack for card reader compatibility.

Features:

- Mounts anywhere via standard AMPS hole pattern; create a wall, desk, or vehicle mount for your tablet
- Two ball socket joints for angle adjustment
- Heavy-duty carbon fiber support arm
- Unique corner-grip holder allows access to all ports, buttons and jacks
- Compatible with 7-14 inch tablets, including iPad Pro 12.9, iPad mini, iPad Air, Surface Pro 4, Galaxy Tab S3, and more
- Compatible with tablet cases up to 1.06 inches in total thickness

Specifications:

- Weight: 1.23 lb.
