

Logitech G Litra Beam LX Dual-Sided RGB Streaming Key Light

PLAY WITH FULL SPECTRUM COLOR

Logitech G Litra Beam LX is a dual-sided streaming light — one illuminates you with an LED key light for natural, radiant skin tones, while the other accents the room with an RGB light. With TrueSoft technology, LIGHTSYNC, Bluetooth pairing and advanced G HUB control, it's two premium gaming lights in one slim, flexible design.

WHAT'S IN THE BOX

- What's in the box
- Litra Beam LX LED light
- Desktop stand
- 3 m power adapter
- 2 m USB-C to USB-A cable
- User documentation

FEATURES

- **Dual-Sided RGB and Key Light:** The Litra Beam LX delivers natural skin tones and a radiant look for your streams while illuminating your space with LIGHTSYNC RGB accent lighting
- **TrueSoft Technology:** This front-facing key light for streaming is powered by TrueSoft technology for cinematic color accuracy and advanced diffusion that eliminates harsh shadows
- **LIGHTSYNC RGB:** Rear-facing RGB light features 16 million color combinations controlled by LIGHTSYNC for an immersive gameplay experience
- **Bluetooth Control with G HUB:** Connect via Bluetooth or USB-A for deep control of your streaming light and RGB synchronization with your Logitech G LIGHTSYNC mouse, keyboard and headset
- **Safe to Stream All Day:** The Litra Beam LX video light has cleared even the strictest UL testing guidelines for all-day streaming
- **Fine-Tune Your Look:** Adjustable on both sides; buttons offer brightness, color temp (2700K - 6500K) and RGB settings; hold down for continuous adjustment
- **The Ultimate Desktop Fit:** The slim, elegant design goes where other key lights can't, making it easy to achieve creative lighting effects in your unique space
