

Dual Monitor Arm - Heavy Duty - Grommet/Desk Clamp Mount

Product ID: ARMSLMBARDUO

This Dual Monitor Arm lets you mount two 17" to 32" VESA mount monitors, each weighing up to 17.6 lb. (8 kg), onto a single low-profile base. It gives you flexible desk-clamp or grommet-hole mounting, letting you save space while creating an ergonomic workspace in any office environment.

Free Up Desk Space

With a stable crossbar design, the adjustable height dual monitor stand lets you create more usable work space by mounting your monitors side by side on a single base.

Optimal Viewing

The computer screen stand features one-touch height adjustment. The smooth +/- 10° tilt motion and +/- 90° swivel make it easy to find the optimal viewing angle. You can also rotate each display 180° for portrait or landscape viewing and laterally adjusted along the crossbar length.

Flexible Installation

The adjustable dual monitor mount is easy to install, with the desk-clamp or grommet mount (hardware included). Integrated cable management keeps your workspace organized. It works well with most desks, including sit-stand workstations.

The Choice of IT Pros Since 1985

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

ARMSLMBARDUO is backed by a 5-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Ideal in office applications including shared workstations with multiple users
- Rotate your display from landscape to portrait position for web design or coding

Features

- The monitors can be easily aligned and laterally adjusted along the crossbar length
- Work comfortably with adjustable height (max. 595 mm), +/- 10° tilt, +/- 90° swivel and 180° rotation
- Save space by mounting two monitors up to 32" onto a single base (max. weight 17.6 lb. / 8 kg each)
- Versatile use with desk-clamp or grommet-hole mounting

Hardware	Warranty	5 Years
	# of Displays Supported	2
	Articulating	No
	Mounting Options	Desk & Grommet Clamp
