

SA240 Privacy Screen for Apple iMac 24"

The perfect privacy screen for your Apple iMac 24".

K55170WW

Product Description

If you need a simple solution for protecting the sensitive information on your Apple iMac from visual data breaches, the SA240 Privacy Screen for iMac 24" is the perfect privacy screen for you.

Designed for exceptional form, fit, and function, the SA240 Privacy Screen for iMac 24" protects your data from prying eyes, is simple to install, remove, and reuse, provides professional-grade privacy screen protection, reduces glare and fingerprints, and includes a webcam notch for an unhindered video conferencing experience.

An ideal accessory for data protection, the SA240 Privacy Screen for iMac 24" looks as good as it functions—and offers everything you need in a privacy screen.

Features

- Provides an exact fit to frame and a webcam notch for an unhindered video conferencing experience.
- A washable, reusable adhesive makes it easy to install, detach, and reattach—with no unsightly bubbles.
- Privacy-focused viewing angle narrows the field of vision to +/- 30 degrees—to protect the information on your screen from prying eyes.
- Blue light reduction filter eases eye strain and reduces the chances of natural sleep pattern interruptions by filtering out up to 30% of the monitor's harmful blue light rays.
- Antimicrobial coating (applied to matte side only) prevents mildew and bacteria growth, which can cause stains and odors on the film.
- Low reflective coating reduces glare from outside light sources for improved viewing clarity.
- 2-year limited warranty included.
- TAA compliant.
