HP 1-port Power Injector

Overview

Models

HP 1-port Power Injector J9407B

Features and benefits

Mobility

- Cost-effective: provides cost-effective power distribution for wireless LAN (WLAN) access point installations where a multiport Power over Ethernet (PoE) switch is not needed
- IEEE 802.11n ready: Gigabit Ethernet data transmission supports the entire line of HP E-series access points, including the three spatial stream IEEE 802.11n HP E-MSM460/MSM466 Access Points

Warranty and support

- Warranty: one-year hardware limited warranty with next-business-day advance replacement (available in most countries); warranty extensions are available.
- Electronic and telephone support: limited electronic and telephone support is available from HP. Refer to the HP Web site at www.hp.com/networking/support for details on the support provided and the period during which support is available.

Product overview

The HP 1 Port Power Injector provides 802.3af PoE power for an access point in areas where using an AC power supply of a traditional PoE switch is inconvenient.
