just where you  
**need** them

# WorkCentre® 4150

## multifunction system

### Introducing your new multifunction printer

The WorkCentre 4150 meets the challenges of today's non-stop business world. We started with the basic requirement of every office: powerful printing capabilities. Then we added an array of value-packed tools to create an A4 multifunction system that is easy to use and affordable. As the multifunction system experts, Xerox understands how to streamline the way you work to help you get the job done.

### Get more done, day in and day out

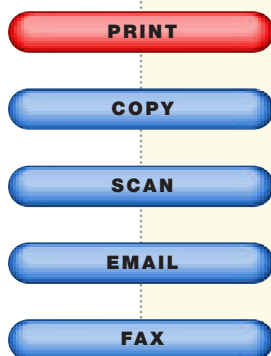

Replace your current printer with the WorkCentre 4150 and see how much more you can do with this multifunction system's best-in-class features.

- Get a solution designed exactly for your business – from a copier-only device all the way up to a full-fledged multifunction system that can print, copy, fax and scan to email.
- Each function is fully integrated and can be accessed while other jobs are running. Enjoy worry-free, reliable operation.
- Easily integrate the WorkCentre 4150 into your existing A4 printer environment, or replace single-function machines with one convenient multifunction system. That's a lot of productivity in a small footprint.
- Call on unrivalled service and support, including service professionals who are linked to the engineers who designed your product. Xerox is there for you every step of the way.

### Affordable multifunction system power

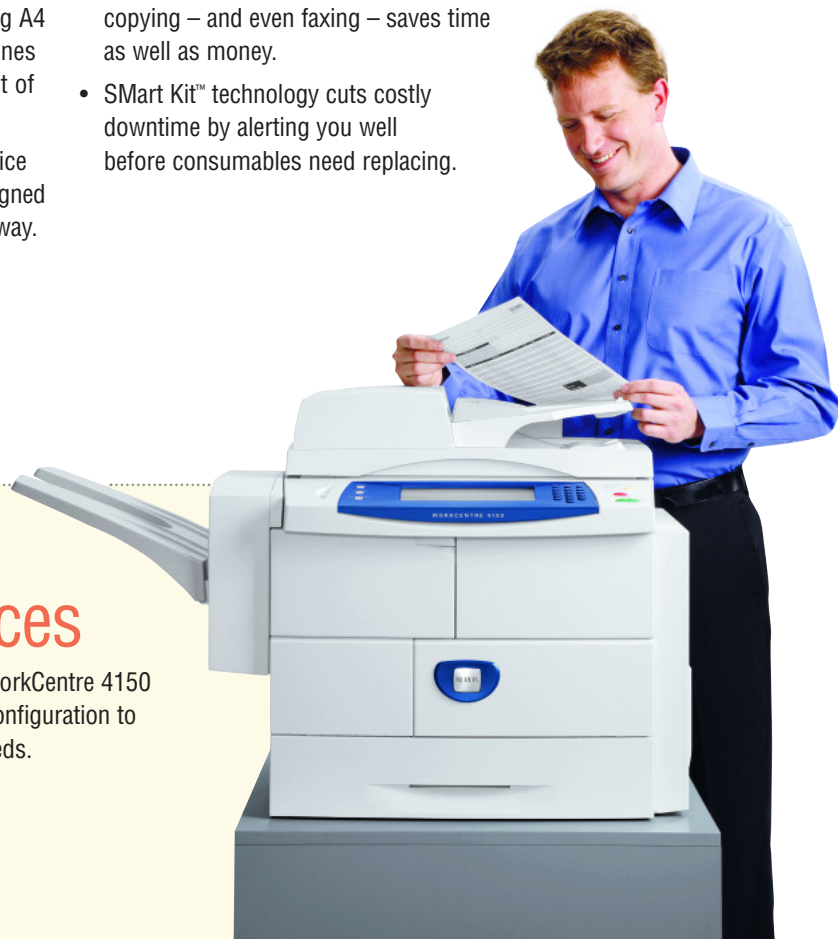

Deploy a range of cost-effective solutions designed to keep your office running and keep within your budget.

- Save money by choosing just the functions you need now and upgrade as your business grows.
- Increase productivity and decrease costs by getting one device that does the work of a string of single-function machines.
- Standard automatic two-sided printing and copying – and even faxing – saves time as well as money.
- SMart Kit™ technology cuts costly downtime by alerting you well before consumables need replacing.

### Flexible choices

Choose the WorkCentre 4150 in the exact configuration to meet your needs.

## Xerox feature advantages

Manage your print queue right from the touch-screen. Move important jobs to the top of the list for maximum efficiency.

The fax feature can relay incoming faxes to email and other fax machines.

Touch-screen operation is easy to learn, easy to navigate, and consistent with other Xerox multifunction systems

Time-saving "Auto" features make correct selections for you, ensuring high-quality output.

Process ID documents quickly and efficiently with ID Card Copy.

**Must-have tools to match the job**  
The WorkCentre 4150 offers a lineup of special features that are so useful you'll wonder how you lived without them.

- **Fax Forward to Email:** Route incoming faxes to your email for easy archiving or to access while you're out of the office.
- **Secure Print:** Prints confidential documents only after you've entered a password at the device.
- **ID Card Copy:** Use the innovative ID Card Copy feature to copy both sides of an ID document onto one side of a sheet of paper – without having to run the paper through a second time.

## A new world of user-friendliness

Xerox has designed the WorkCentre 4150 to be simple and intuitive to use. Spend more time using the features and less time learning them.

- Installation and network configuration are easy – a couple of clicks and you're up and running.
- The large touch-screen interface can be understood at a glance. Most operations are a touch away.
- Manage your machine - access device, job status and accounting information from your desktop using the CentreWare IS embedded web server.
- The space-saving design means all capabilities can fit comfortably on your desktop. Or add up to three additional paper trays and build a floor-standing device that is easily accessible to everyone in your office.
- Add a finisher to the desktop or floor-standing model that will collate and staple up to 50-sheet documents for more efficiency and convenience.

- ∂ Money-saving, fast automatic two-sided printing is standard
- Σ 50-sheet duplex automatic document feeder scans two-sided documents
- Π 100-sheet bypass tray handles heavier papers up to 200 gsm
- π Standard 500 sheet paper tray feeds custom sizes up to 216 x 356 mm
- ∫ One, two or three additional paper trays boost capacity to as much as 2,100 sheets
- ⓐ Use the handy Finisher to collate and staple sets of up to 50 pages

CONFIGURATIONS	WorkCentre 4150u	WorkCentre 4150p	WorkCentre 4150px	WorkCentre 4150pxf
<b>Speed</b>	Up to 43 ppm (A4)
