

8-Port Keystone Double-Gang Faceplate, White, TAA

MODEL NUMBER: **N080-208**

Universal wall plate provides a clean and simple method for connecting audio/video, voice or Ethernet cable lines at the wall.

Features

Double-Gang Universal Keystone Wall Plate Connects up to 8 CablesThe N080-208 is ideal for connecting up to eight audio/video, voice and/or Ethernet cables at the wall. It's recommended for concrete walls and other locations where cables cannot be run through the wall. Any type of keystone jack, including Cat5e/6/6a, USB, HDMI, DisplayPort and RCA applications, snaps easily into the eight cutouts for quick cable connection.

Highly Adaptable to Match Your Specific RequirementsThe high-impact polycarbonate wall plate fits any mid-sized or standard double-gang box. It's colored white to blend elegantly into any home or office décor for a sleek, professional installation. Four mounting screws are included.

TAA-Compliant for GSA Schedule PurchasesThe N080-208 is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.
