USB Stereo headphone with inline controls

Description

- USB Type C headset for use in unified communications, call centers & home office setups
- In-built omni-directional microphone for vocal clarity
- Lightweight, adjustable design
- In-line control for volume adjustment and mute functionality
- 2 year warranty

Wired headsets are essential for seamless audio playback and clear speech, making them ideal for unified communication environments, home office conferencing, and office-based call setups.

The Lindy USB Office Headset with USB-C offers connectivity to PCs, laptops, and other devices with USB Type-C ports. Its binaural design delivers crisp stereo audio, effectively replacing built-in speakers on laptops or PCs. The flexible omni-directional microphone ensures crystal-clear voice capture for superior audio clarity during video calls.

Convenient in-line controls allow for quick adjustments to volume and muting, perfect for video conferencing flexibility. With its lightweight design, the headset provides all-day comfort, making it ideal for long hours in offices or call centers. It is also compatible with popular VoIP and office software.

The included USB Type-C to USB Type-A adapter ensures broad compatibility, allowing the headset to connect to both laptops with USB Type-C inputs and desktop PCs with only USB Type-A ports. Additionally, built-in status LEDs provide a quick visual cue when the microphone is muted, ensuring privacy when needed.
