2-in-1 Security Multi-Flex Tablet Stand and Wall Mount for 7-14 inch tablets

2-in-1 Security Multi-Flex

Make your tablet a theft-protected fixture of your living space, workspace, and more, with CTA Digital's 2-in-1 Security Multi-Flex Tablet Stand and Wall Mount. This stand unfolds to create an easy tabletop display setup and is also bundled with two convenient mount-anywhere bases, giving you easy installs on a wall or under a cabinet. The stand employs a clever push-button lock and cable system, preventing theft while your tablet is set up in tabletop mode, plus an additional K-slot lock block that protects your tablet while it is in one of the mounting bases. Two flexible hinges give you expansive angle adjustment options, while the headpiece rotates 360 degrees for portrait and landscape displays. The unique slide-adjustable corner grip holder resizes to accommodate most 7-14 inch tablets, and is also fully compatible with rugged tablet cases up to 1 inch in thickness.

Features:

- Locking tablet holder protects device from theft
- 2 mount-anywhere bases cradle stand for wall and under cabinet displays
- Security cable anchors stand to any permanent fixture while in tabletop mode
- K-slot headpiece lock and slot on stand legs prevent removal from mount bases while in wall or under cabinet modes
- Easily resizable corner grip tablet holder
- 2 flexible hinges enable easy angle adjustment
- Tablet holder rotates 360 degrees for portrait and landscape orientations
- Compatible with most 7-14 inch tablets, including iPad mini, iPad Air Gen. 3 (2019), 11-inch iPad Pro, iPad Pro 12.9 Gen. 3 (2019), iPad Gen. 6 (2018), and more
