

AUDIENCE ANALYTICS KIT

Simply NUC® + sightcorp

Simply NUC has partnered with Sightcorp to create easy-to-use fully packaged solutions with integrated hardware and software for Digital Signage and Retail Analytics applications. Sightcorp's software runs optimally on devices from Simply NUC which makes it easier for you to deploy audience measurement technology in any environment. The selected kits are designed for various scenarios which can support a large variety of project types. No matter what industry you are in, this kit is the right solution for you!
