

SmartFit® One-Touch Height Adjustable Dual Monitor Arm

The Fully Articulating Dual Monitor Arm with One-Touch Ease

K59601WW

Product Description

The SmartFit® One-Touch Height Adjustable Dual Monitor Arm makes it easy to achieve perfect dual monitor ergonomics (and a neutral, comfortable posture) with its patented SmartFit® System and fully articulating design. Tested to meet ANSI/BIFMA standards, a heavy duty build guarantees stability in every position while its gas spring monitor mount makes adjusting each monitor's height, depth, and angle effortless—from side-by-side to vertically stacked. The product's built-in Cable Management System organizes and conceals cables while the arms lift your dual monitors up and out of the way, decluttering and clearing valuable desk space at once. Kensington Durability guarantees a more ergonomic workspace for years to come.

Features

- With SmartFit®, finding the proper monitor height for maximum comfort as easy as 1-2-3. Simply match your hand size to the color on the provided chart, set the height to your color, and you're done.
- The Kensington SmartFit® One-Touch Height Adjustable Dual Monitor Arm makes adjusting each external monitor's height, depth, and angle effortless. With 6.7"-19.9" (170 mm-505 mm) height adjustment, +/-90° swivel and monitor rotation, and +/-90° tilt adjustment, the product's fully articulating design gives you total control over the placement of your dual monitors, from side-by-side to vertically stacked. Its CounterbalanceTension Adjustment allows you to "tighten" or "loosen" each arm to accommodate a range of monitor weights with the same effortlessness and stability (Allen wrench included).
- The Kensington SmartFit® One-Touch Height Adjustable Dual Monitor Arm is stable in any position, supporting a 13" -34" flat or curved monitors weighing up to 19.8 lbs (9 kg).
- The Kensington SmartFit® One-Touch Height Adjustable Dual Monitor Arm is mountable by c-clamp (desktop thickness range: 0.39"-3.3" or 10mm-85mm) or grommet (desktop thickness range: 0.39"-3.1" or 10mm-80mm; grommet hole diameter range: 0.41"-1.97" or 10.5mm-50mm)—tool kit included. Its non-permanent, non-marking installation makes removal easy. An included quick-release, detachable VESA plate 75mm or 100 mm) makes the arm ideal for VESA mountable monitors.
- The Kensington SmartFit® One-Touch Height Adjustable Dual Monitor Arm's built-in Cable Management System keeps cables out of sight and organized, held within the arm itself.
- The Kensington SmartFit® One-Touch Height Adjustable Dual Monitor is tested to meet ANSI/BIFMA performance and safety standards.
