Product Description

The 130-sheet OfficeAssist™ Auto Feed Shredder A1300 Anti-Jam Cross Cut is the perfect auto feed shredder for smaller offices or departments. Features include patented auto feed, P-4 cross-cut shredding, a quiet motor with self-cleaning Intelligent™ Jam Clearance, 10-minute continuous run time, a 7-gallon/250-sheet bin with full indicator, and Intelligent™ Power Save.

Features

- Patented auto feed lets you load up to 130 sheets of paper and walk away until shredding is complete. Shreds staples, paper clips, and credit cards.
- P-4 security rated cross-cut shredding turns paper into 5/32" X 1 37/64" pieces. Ideal for business confidential documents.
- Quiet motor with self-cleaning Intelligent™ Jam Clearance reverses the blades to clear paper from the cutter when too much paper is inserted and upon job completion. Helps avoid time-consuming and frustrating paper jams.
- Ten minute continuous run time lets you shred for up to 10 minutes before requiring a 30-minute cool down.
- A 7-gallon/250-sheet bin allows for ample shredding before emptying. An indicator lets you know when the bin is full.
- Automatically switches to Intelligent™ Power Save when not in use (but still turned on) to save energy.
