Wall Mount Template for Back-UPS BG500 / BG500-JP

Note:

1. Identify the location where you would like to place the Back-UPS.
   The unit can only be mounted horizontally with either the front or the rear panel facing up.
2. Place the template horizontally. Make sure that the template orientation is the same as how you want the unit mounted.
3. Choose the top hole marking, one on the left and the other on the right, and drill from the center point of the hole marking.
