

HP LaserJet Pro 4006n Printer

Experience powerful printing performance for your business. This HP LaserJet Pro offers ultra-fast print speeds, effortless setup & management, smart tools, & easy mobile printing. Plus, future-ready security to help protect your network.

This printer is intended to work only with new or reused cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures. More at: [Learn more at: hp.com/learn/ds](https://www.hp.com/learn/ds)

Get speed, reliability, and quality in one

- Deliver all your print projects quickly with fast print speed up to 47 letter pages per minute.¹
- Get your office up and printing in a few easy steps with quick and simple setup.
- Rely on consistent, high-quality prints with low maintenance HP Toner Cartridges that don't require cleaning.

Simplify work & print management with smart tools

- Save toner & pages - HP AI removes unwanted ads, white spaces, & reformats content from web pages & emails.⁹
- Easily onboard users & monitor security & toner levels remotely with a smart dashboard for simple management.
- Don't wait to get back to your desk. Print from your mobile devices with the easy-to-use HP app.²
- Get the latest software updates & new productivity features that keep your printer evolving with your needs.

Protect your business with leading-edge security

- Get future-ready security with the world's first printers to protect against quantum computer attacks.³
- Keep your data secure - print jobs & sensitive data are never stored on the printer & erased after every job.
- Safeguard your printing system with toner designed with tamper-resistant chips, firmware, and packaging.⁷
- Streamline security compliance and management across your fleet with the optional HP Security Manager.⁴

Save energy and help reduce waste

- Get exceptional print quality with next-generation TerraJet Toner designed for low-energy printing.⁵
- Less wasteful by design - this printer is made with recycled plastic⁶ content to help reduce waste.
- Help reduce plastic waste with TerraJet Toner Cartridges designed with recycled plastic.⁸
- Save energy with a printer that meets industry efficiency standards with Energy Star[®] rating.¹⁰

¹ Measured using ISO/IEC 24734 and excludes first set of test documents. For more information, see [hp.com/go/printer-claims](https://www.hp.com/go/printer-claims). Exact speed varies depending on the system configuration, software application, driver, and document complexity. ² HP Smart and myHP are now the HP app, available for download on Windows 10 (64 bit) or 11 PCs; macOS computers; and for Apple and Android mobile phones and tablets. Windows PCs do not support print features at launch. The HP app requires download available at www.hp.com/go/hp-app. Not all HP devices, services, apps are available in the HP app. Certain features are available in English language only, and may vary by printer and PC model/country, and between desktop/mobile applications. HP reserves the right to introduce charges for use of select HP app functionality. Internet access required. HP account required for full functionality. Fax sending capability only. Live chat and phone support are available during business hours and varies by country. Chat service is localized in supported regions, and where not supported, will default to English. Supported conferencing features vary by device and device configuration. For complete Terms of Service see: www.hp.com/hp-app-terms-of-use. ³ Based on HP's internal analysis of business printers with preinstalled encryption, authentication, malware protection, post-quantum digital signature, and initial BIOS firmware integrity protection with automatic self-healing recovery finding that no other in-class Printers implement a quantum-resistant cryptographic scheme to protect the integrity of the BIOS and firmware as of March 2025. ⁴ HP Security Manager must be purchased separately. For details, see [hp.com/go/securitymanager](https://www.hp.com/go/securitymanager). ⁵ HP calculations based on normalized Energy Star[®] TEC data of HP LaserJet Pro and Enterprise series with HP TerraJet Cartridges compared to predecessors. Exact speed varies depending on the system configuration, software application, driver, and document complexity. ⁹ Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. ¹⁰ HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ¹¹ Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. ¹² Typical Electricity Consumption (TEC) rating represents the typical electricity consumed by a product during 1 week, measured in kilowatt-hours (kWh). ¹³ Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. Energy Star value typically based on measurement of 115 V device and 230 V for Blue Angel. ¹⁴ Declared yields based on ISO/IEC 19752 and continuous printing. Actual yields vary considerably based on images printed and other factors.
