Dock & Add up to 10 Devices to Your Laptop

Dock and add up to 10 must-have devices to your USB-C laptop with the Dock Pro™ 100 USB-C 4K Ultra-Slim Station. The Dock Pro is the perfect companion to turn your MacBook, Windows laptop or Chromebook into a complete workstation. Quickly add two 4K monitors via HDMI and DisplayPort, a full-sized keyboard and mouse, external hard drive, a printer and more by connecting only one cable to your USB-C device.

- Stylish, ultra-slim docking station
- Instantly dock up to 8 devices including:
 - 3 x USB 3.0 (USB-A) with 1 x BC 1.2 Port
 - Built-in memory card readers (SD/MMC/Micro SD) simultaneously reads both card ports
 - 3.5mm Audio input/output
 - Gigabit Ethernet
 - HDMI (4K), DisplayPort (4K) or VGA*
 - DP++ Mode - Supports use of active display adapters

- Charge your laptop while docked with up to 100W of Power Delivery 3.0 pass-through**
- Supports stunning 4K resolution content
- HDCP 1.4 compliant
- Works with the iPad Pro (USB-C) in mirror-mode

* VGA's analog output port will not work when combined with the HDMI or DP's digital output ports.

** 85W max is delivered to the laptop after deduction of 15W consumed by the docking station. Initial power output is dependent upon the power supply.

Requirements

- USB-C compatible laptops with DP Alt-Mode support
- USB-C AC Adapter from Laptop is needed for Power Delivery Pass-Through Function
- Mac OS X 10.10.5+ (MST is not supported by Mac OS)
- Only one additional video output can be utilized for extended desktop using Mac OS
- For dual screen extended desktop in Windows, you must use HDMI with DisplayPort
- When VGA output is utilized, only one additional extended desktop screen will be available
- Compatible with USB-C and Thunderbolt 3 laptop

Package Contents

- 1 x USB-C Docking Station
- 1 x Quick Start Guide
- 1 x Warranty Card
