15U 19in Black Server Rack Cabinet with Fans

StarTech ID: 2636CABINET

This 15U, 36 in (depth) cabinet features a plexiglass front door, full steel design, and three-fan filtered ventilation helping to keep your servers and other critical equipment cool and protected. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

The server equipment cabinet/rack is black, making an attractive addition to your server room, and to ensure maximum versatility, the rack/cabinet includes casters, making it easier to position server equipment as needed.

Features

- Extruded aluminum construction provides rounded corners and edges for an attractive appearance
- Fully forward/back adjustable mounting rails inside cabinet
- TAA compliant for GSA Schedule purchases
- Front and back doors are removable and can be switched to open left or right
- Rolling casters provide full mobility
- Three (3) roof-mounted fans exhaust up to 300 CFM of air
- Many accessory options available like mounting shelves, keyboard drawers, storage drawers, sliding shelves, front blanking plates, etc.
- Comes fully assembled
- Includes (3) 5" ball bearing AC fans moving up to 300 CFM of air, air filter and adjustable levelers at each corner
- Also comes with front flip-up stabilizers, removable smoked acrylic front door with 2 keys, removable rear door and 50 Philips-head mounting screws
