HP Color LaserJet CP1210 Printer series

High-quality colour printing is fast, very easy and more affordable than ever with HP's lowest-priced Color LaserJet. This compact desktop printer helps you create impressive documents with realistic photo quality, sharp detail and vibrant colour.

HP Color LaserJet
CP1215 Printer

An ideal printer for individual users in home offices and growing small businesses who need a reliable, affordable and easy to use, colour printer for general office printing and to produce colour business documents that make a serious impression.

Get affordable, high-quality colour and black printing with HP's lowest-priced Color LaserJet.
Create outstanding, professional documents and consistently see vibrant, bold colour, and clean lines, with HP ColorSphere toner. Get your colour documents noticed with high quality images, text and graphics thanks to HP ImageREt 2400. Create a variety of business documents with broad media support for a range of Original HP specialty papers. Choose Original HP printing supplies for consistent print quality.

Enjoy easy, intuitive printing with this sleek, compact and quiet device.
Intuitively designed for convenient use with a handy front-access door for replacing supplies. With its compact size and exceptionally quiet operation, this printer is ideal for the desktop. Incredibly easy to set up and use with a new, intuitive driver interface. Intelligence built into the Original HP print cartridge interacts with the printer to optimise print quality and reliability for consistent results every time you print and facilitates convenient supplies reordering[1].

Get results you can depend on with fast printing speeds and built-in LaserJet reliability.
Get professional, high-quality results with impressive desktop print speeds of up to 12 ppm black and 8 ppm colour. Inline printing technology in this printer helps ensure reliable, consistent, and hassle-free printing. Start fast and finish sooner with HP Instant-on Technology which enables print jobs to begin quickly from low power mode. Count on reliable performance with a 264 MHz processor and 16 MB memory.
