YOU'RE ON

JABRA LINK 230

CONNECT YOUR CORDED QD HEADSET
TO A SOFTPHONE

The Jabra Link 230 extends the capability of your Jabra corded QD (Quick Disconnect) headset and enhances the audio at the same time. With the plug-and-play USB adapter, you can use your Jabra desk phone headset together with your softphone. The Digital Signal Processing (DSP) technology evens out the audio stream to ensure a clear sound on both ends of the call.

PROTECT YOUR HEADSET INVESTMENT

Jabra Link 230 is compatible with any corded Jabra QD headset and all leading brands of softphones. As a result, users can continue to leverage the benefits of a professional Jabra headset, including superior sound, noise canceling and all-day wearing comfort. This makes it the ideal solution for contact centers that want a smooth and cost-effective transition to a Unified Communications solution.

CRYSTAL CLEAR CONVERSATION

Jabra Link 230 incorporates a number of sound quality features, such as Digital Signal Processing (DSP) for greater intelligibility, and noise filtering for a cleaner, distortion-free and smooth audio experience.

PREVENT STRESS AND HEARING INJURIES

Reduce the number of sick days and increase employee retention. Jabra Link 230 delivers acoustic shock protection and is compliant with the Noise at Work legislation in the EU (Directive 2003/10/EC).

BUILT TO WITHSTAND EVEN THE TOUGHEST WORK ENVIRONMENTS

To ensure long service life, Jabra Link 230 is made of durable high-quality materials built to withstand even the toughest work environments.
