

## Universal Portable Foldable Laptop and Tablet Stand

---

Elevate your laptop for a more comfortable viewing height

**Overview:**

Aluratek's Universal Portable Foldable Laptop and Tablet Stand is perfect for providing a comfortable, customizable work surface for your laptop. The laptop stand is designed to be light and compact while keep its durability. The stand features a smooth collapsible/ foldable design and can easily slide into a backpack, purse, suitcase for transport. With its ergonomic design your laptop can be elevated to a more comfortable view to help ease body aches and eye strain. The stand provides solid stability and sturdiness for your laptop so you will never have to worry about them toppling over.

The laptop stand's base features a non-slip silicone padded feet to keep it from slipping and sliding off your desk surface. The design and structure of the laptop stand also allows for cool airflow to ventilate through to keep your laptop from overheating. The Universal Portable Foldable Laptop Stand supports Apple Macbook Pro, Macbook Air, Microsoft Surface, Google Chromebook, other 10-17 inch laptops and most tablets.

**Features:**

- Universally compatible with most laptops
- Foldable and collapsible to eliminate clutter and create more space
- Anti-slip rubber silicone feet to protect device from slipping, sliding or scratching
- Compact and lightweight for easy travelling
- Limited 1 Year Warranty

## Collapsible and Foldable Design

---

The Universal Portable Foldable Laptop and Tablet Stand is perfect if you work while traveling or if you commute between multiple workspaces. The Foldable Stand's functionality is built for a easy and quick set up and break down motion. Simply pull the two feet apart to unfold the Foldable Stand and push them together to fold it back up. The Universal Portable Foldable Laptop and Tablet Stand is also designed to fold down into a compact size through one, smooth motion for easy-travelling.

## Anti Slip Base

---

The Universal Portable Foldable Laptop and Tablet Stand is durable and secure so your laptop or tablet is safe when placed on the stand. The stand features a non-slip silicone pads and base to help prevent the stand from slipping and sliding around your desk. AULS02F also comes with interchangeable pegs to fit your laptop.
