

KB270 EQ Rechargeable Keyboard – Wireless – Full-Size

A more sustainable, productive, and affordable keyboard.

K75558NA

Product Description

Many organizations face challenges in sourcing reliable keyboards containing more sustainable materials that boost productivity while remaining budget friendly. Many are frustrated with keyboards that lack durability, security, or compatibility across different operating systems. These issues can lead to increased downtime and frustration among employees, ultimately impacting overall efficiency. Ideal for large-scale deployments, the KB270 EQ Rechargeable Keyboard addresses these concerns by providing a feature-rich, wireless solution that combines functionality with sustainability. With its sturdy design and helpful productivity enhancements, this keyboard ensures all-day productivity, allowing teams to focus on their work without interruptions. *Excludes PCB assembly, rechargeable battery, 2.4GHz dongle, and charging cable.

Features

- Contains at least 52% post-consumer recycled (PCR) plastic.
