

EF220a 21.5" LED backlit Full Hi-Definition 'Slimline' display with audio and dual input (DVI & VGA)

This fully featured LED backlit display is the next generation of professional computer monitors from Edge10. Superb in all office applications but equally at home for photography or gaming the EF220a benefits from an ultra fast response time, high contrast level and full 16:9 HD resolution

Users can enjoy high quality images with true black levels - ideal for creative suites and outstanding text legibility. The DVI input ensures digital data transfer and maximised graphic reproduction.

The EF220a has two 2 Watt speakers, is VESA compliant and has an internal PSU. Peace of mind comes standard as the EF220a, like all Edge10 monitors comes with a three year on-site warranty.
