

Logitech MX Keypad - Pale Grey

Logitech MX Keypad is a programmable developer console with 9 LCD keys for fast access to coding tools, scripts, and AI prompts. App-aware profiles switch layouts automatically between apps like VS Code and Slack, helping you automate repetitive tasks and stay focused on building.

WHAT'S IN THE BOX

- MX Keypad
- Stand
- USB C 2.0 Type-C cable
- User documentation

FEATURES

- Instant access to tools: Use 9 customizable LCD keys to trigger apps, docs, and complex commands instantly – all from one streamlined control hub.
- Context-aware: keys switch automatically as you move between IDEs, Slack, Chrome, and other apps, keeping the right tools ready for every task.
- Enhanced coding speed: native plugins for VS Code, IntelliJ, and GitHub Copilot provide a dedicated IDE controller to navigate code and access dev tools fast.
- Total customization: drag-and-drop actions across multiple key pages, create custom toggles and macros, customize icons, and find more content from Logi Marketplace. (1)
- Your vibe coding sidekick: native integration with GitHub Copilot, one-tap access to AI-assisted coding, trigger custom AI agents and prompts. (2)
- One-tap workflow automation: run complex sequences to launch terminals, start servers, run scripts, and execute Git commands with a single key.
- Build your own tools: use Logi Actions SDK to build custom plugins for your apps, fully integrating MX Keypad into your workflow.
- Streamline every task: native controls for Spotify, Zoom, and Adobe make this a powerful LCD key controller for managing your developer setup and creative projects.

(1) Requires Logi Options+ app, available for recent versions of Windows and macOS on the official Logitech website.

(2) Requires an active internet connection and account with respective third-party AI providers.

(3) Purchase of an MX Keypad includes 3 months of GitHub Copilot Pro+, redeemable by new and existing users (offer subject to conditions).

(4) Excludes plastic in printed wiring assembly, cables, membrane, LCD, EMI Gasket, and packaging
