### Dynamic audio

Take conference room-quality audio on the go. Enjoy remarkable sound from meetings to music and reduced echo and noise so you can be heard clearly.

### Works the way you do

A programmable button puts your favorite function at your fingertips – play / pause music, last-number redial and voice assistant – it's up to you. What's the status of a call? Know from a distance with the highly visible light bar.

### Three-microphone array

Experience conference calls with outside noise and distractions tuned out. A three-microphone array focuses on your voice – not the surrounding noise.

### Full-duplex audio

Collaboration gets tough when one voice dominates the conversation. Full-duplex audio makes simultaneous conversations a breeze.

### Smartphone charger

Stay connected and ready for your calls with the ability to charge your smartphone when on the go via an USB-A port.

### Up to 20 hours of battery life

Work on the go – the battery is ready for portable use with up to 20 hours of talk time on a full charge.<sup>1</sup>
