EAN-13: 0766623165389 | UPC: 766623165389

Wireless Bluetooth on-ear headphones with microphone - cut the cord

The Manhattan Sound Science Bluetooth[®] On-Ear Headset's soft on-ear cushions let you enjoy music, movies and more in extreme comfort, even during long hours of extended wear. Plus, it features an integrated, high-performance microphone for making calls on your mobile device or chatting online.

Boasting the latest in wireless audio multipoint technology — Bluetooth 5.0 — these headphones let you stream audio from virtually any mobile device or laptop computer from up to 10 meters away, and convenient on-ear controls let you change the music volume, switch tracks or receive calls with a simple touch. If you don't want to pair them with your phone, you can use the FM radio mode or play MP3 files via the built-in Micro-SD card slot. If you prefer wired use without ever worrying about an empty battery, use the 3.5 mm stereo audio port.

Features:

- Bluetooth® 5.0 for wireless music playback
- Integrated microphone and controls for calls and music
- High-capacity battery for extended use up to 8 hours
- Advanced, precision-balanced 40 mm drivers for high-quality sound
- Adjustable headband and padded on-ear cushions
- MicroSD card slot for MP3 playback
- FM radio mode
- 3.5 mm audio port for wired use
- USB-A to Micro-USB charging cable and 3.5 mm audio cable included
