

ClickSafe® NanoSaver™ Anchor

One click for a secure workplace.

K68100WW

Product Description

The ClickSafe® NanoSaver™ Anchor allows users to enjoy the superior and effortless laptop security of a ClickSafe® NanoSaver lock. Replace lost anchors, or add anchors to additional laptops that are equipped with Kensington nano lock slots. The NanoSaver lock connects to the anchor for easy one-click lock engagement. Increases employee security compliance and offers anti-theft technology to keep your equipment safe.

Features

- Replace lost anchors, or add anchors to additional laptops that are equipped with nano lock slots.
- ClickSafe lock connects to the NanoSaver anchor for easy one-click lock engagement.
- Increases employee security compliance.
