

Orbit D111

1080P Full HD Dash Cam

The GekoGear 1080P Full HD Dash Cam offers reliable car surveillance without the distraction of a big screen. This device seamlessly integrates into your vehicle, capturing crisp 1080P Full HD video to document your journeys with clarity. Its design ensures minimal visual impact on your windshield while still providing essential features such as loop recording, G-sensor functionality for automatic incident detection, and a wide-angle lens for comprehensive coverage. With easy installation and intuitive operation, this dash cam focuses on functionality, reliability, and simplicity to ensure you have a dependable eyewitness on the road without unnecessary distractions.

Full HD 1080P

Records in 1080P full HD resolution. This will smoothly capture clear video in fast moving scenes.

3" Display

This sleek device seamlessly combines a modest form factor with a user-friendly display that avoids any distractions of a big screen.

G-Sensor for Emergency File Saving

The G-sensor is a gravity sensor that will sense any collision, swerve, or hard braking, and automatically lock the current video so it cannot be loop recorded over.

Supports 64Gb, 32GB MicroSD Card

a 32GB microSD card is included in the package, so you'll be set to install in your car and start recording. This device supports up to 64GB of external storage.
