Product Description

Own what professionals use to take control of the room — and a laptop's cursor — with the Expert Wireless Presenter with Green Laser Pointer & Cursor Control. Sometimes pointing just isn't enough. With a simple flick of a switch, you toggle between presentation and cursor control modes. The wireless 2.4GHz receiver stores conveniently inside the remote, and since it's uniquely paired, you don't have to worry about device interference. Make your point with a green laser that's 10 times brighter than standard red lasers.

Features

- Cursor control joystick lets you use the presenter like a mouse, moving cursor up/down and left/right.
- Green laser pointer is 10x brighter than a red laser
- Backlit button controls move slides forward/back, black out screen and activate the green laser pointer
- Extended 150-foot wireless range to roam the room
- Internal storage for wireless USB receiver so it won't get lost
- Plug & Play 2.4GHz USB wireless connection
- Comfortable grip with special contours for the hand
- Compatible with Windows 10, 8.1, 8, 7 and Mac OS X
